Who is the roadside assistance provider?

Roadside Assistance is provided for up to 3 years from the date of new vehicle registration under your Alfa Romeo Roadside Assistance membership and is provided by Digicall Assist Pty Ltd ABN 92 152 605 340 trading as 'Digicall Assist'.

Whenever you request roadside vehicle assistance under your membership, you will be making that request to Digicall Assist, who will provide the services under the terms and conditions set out below. The terms and conditions contain exclusions and limitations.

Eligibility criteria

In order to be eligible for roadside assistance, your vehicle must be a roadworthy, well-maintained vehicle. If your vehicle is not a roadworthy well-maintained vehicle, we may still arrange a roadside assistance provider to service your callout, but we will inform you of the cost that will be charged to provide you with assistance. This cost will be your responsibility.

Please stay with your vehicle

Once a roadside service provider has been called, it is important that you remain with your vehicle if it is safe to do so. Should we arrive at the scene of the breakdown and the vehicle is unattended, we will be unable to carry out any work and payment may be required for any subsequent callouts to assist with the same incident. If you require assistance and have to leave your vehicle for safety reasons, please advise the customer service assistant at the time of the initial call or if circumstances change while you are waiting for the roadside assistance provider.

Tele-Assist

Tele-Assist - Once our customer service assistant receives your call, we will provide general advice about the operation of your vehicle. If your vehicle is immobilised, we will provide an over the phone diagnosis (where possible) to get your vehicle mobilised.

Roadside assistance

If our customer service assistant is unable to get your vehicle mobilised over the telephone, we will dispatch a service provider to assist in the following ways:

Flat batteries

Flat batteries can occur. If you find yourself immobilised with a battery problem, we will attend to your vehicle, test the battery for performance, jump start the flat battery or coordinate a battery replacement if required. The cost of the replacement battery will be charged to you or replaced free of charge if the replacement battery is covered by your vehicle warranty.

Emergency fuel

If your vehicle runs out of fuel, where government regulations permit, we will provide sufficient petrol or diesel for you to travel to the nearest available petrol station, up to a maximum of \$10.00. Alternatively, we may tow your vehicle to the nearest petrol station, (subject to the towing/ transportation limits).

In the event a mis-fueling incident occurs as a result of an action of the owner or authorised driver, towing will be coordinated at your cost.

Flat tyres (minor repairs only)

If you find yourself with a flat tyre, we will change it with the vehicle's serviceable spare wheel. If your vehicle is not equipped with a spare wheel, we will transport the vehicle to an approved tyre outlet or authorised repairer, whichever is the nearest (subject to the towing/ transportation limits). Should additional services be required beyond this due to multiple flat tyres, the spare tyre being unserviceable, replacement wheel studs/nuts not being available or locking wheel nut key not available, towing is provided up to the towing limits specified above.

Where your vehicle is equipped with a temporary mobility kit, this may be used if it is deemed safe to do so.

Lost or locked keys

If you lose your keys or lock them in your vehicle, we will provide all reasonable assistance (subject to proof of ownership shown) to:

- locate and deliver a spare key; or

- arrange for the driver to retrieve the spare key, if this is more practical; or
- gain access to your vehicle (once a consent and indemnity form has been signed by you).

In all other situations where the key is not available, we will arrange to transport the vehicle to an authorised repairer, where the appropriate entry methods may be used. We will not be responsible for any damage incurred, or for any repair costs that result from gaining access to the vehicle or moving the vehicle while it is locked. A limit of \$150.00 (inc. GST) applies to this benefit. All additional costs are your responsibility.

Towing/transportation

Towing/transportation If your vehicle cannot be mobilised at the breakdown location, we will deliver your vehicle to the nearest authorised dealer or an FCA approved repairer from breakdown location. If the breakdown has occurred after business hours, we will arrange for your vehicle to be stored at a secure facility and delivered to an authorised repairer the next working day.

Accident coordination

Following an accident, we will coordinate towing arrangements and will also provide advice on accident procedures. If required, we will coordinate alternative transport to enable you to continue your journey. All accident towing and alternative transport costs are your responsibility.

(Note that these costs, subject to the payment of any excess, may be recoverable from your insurance company under an appropriate insurance policy)

Bogged vehicle

We will, at your cost, attend and recover your vehicle from a bogged situation provided that reasonable and safe access is available to a conventional two-wheel drive recovery vehicle and no other specialist equipment is necessary.

A limit of \$100.00 (inc. GST) applies to this benefit.

All additional costs are your responsibility

Caravan & Trailer Assistance

If your vehicle suffers a breakdown and requires transportation to a repairer, we will transport the attached caravan or trailer to the same repairer or agreed location. The recovery distance will not exceed the initial transportation distance of the immobilised vehicle. Please refer to the section outlining limitations to towing. It is your responsibility to inform our customer service assistant that your vehicle is towing a caravan or trailer prior to a service provider being dispatched to assist you.

If you do not tell us, you may be responsible for any/all subsequent costs associated with the caravan or trailer towing.

*This service does not extend to breakdown related matters associated with the caravan or trailer itself or caravan and trailer couplings where your vehicle is still mobile. The caravan or trailer cannot exceed the legal towing weight or dimension restrictions for a passenger vehicle transporter.

Taxi

If your vehicle cannot be mobilised due to a breakdown, caused by a warrantable failure and not repaired within 24 hours, and transported to the nearest authorised repairer, we will provide one taxi ride per incident, to a maximum value of \$200.00 (inc. GST) so you and your passengers can continue your journey to the nearest town or within the same city where the breakdown occurred.

Emergency accommodation

If your vehicle is immobilised by a breakdown for more than 24 hours and you are more than 100 kms from your home address, we will provide four (4) nights of accommodation up to the value of \$200.00 (inc. GST) per night (room cost only) should you decide to remain with your vehicle while it is repaired locally, or if alternative transport is unavailable. Any amounts charged in excess of this limit will be at your cost. This benefit will stop once your vehicle has been repaired.

Car rental

If your vehicle is immobilised due to a breakdown, you are more than 100kms from your home address and the vehicle cannot be returned on the same day as the breakdown, we can provide you with a rental vehicle for up to 7 days at a maximum value of \$100 per day for you to continue your journey. You will be responsible for all related hire costs (including any rental bond), fuel costs, excess kilometer charges, traffic infringements, relocation fees, any damage and any remaining excess or insurance waivers on the rental vehicle. We may not be able to provide you with this assistance if your driver's licence history or age or other reason will not allow the rental company to provide a hire car. If a rental bond cannot be provided by you at the time of securing the hire car, the provision of the hire car will be at the discretion of the rental company.

Alternative transportation

Should accommodation or a rental vehicle be unavailable following a breakdown which has immobilised your vehicle overnight and you are more than 100kms from home, we will provide alternative transport on your behalf.

Vehicle relocation

Vehicle relocation Vehicle relocation will be provided where your vehicle has a breakdown more than 100 kilometers from your home and cannot be repaired on the same day. If you have left the vehicle to continue your journey, vehicle relocation will be provided to deliver the vehicle, once repaired, to your home or intended destination (whichever is the nearest) where the distance between you and the selected authorised repairer is greater than 100 kilometers. Alternatively, return transport will be provided to enable the driver to pick up the repaired vehicle.
